

YG-104 [Multi-Purpose Cleaner]

YG-104 is a concentrated strong multi-purpose cleaner in which wetting agents, dispersant and detergent are sufficiently contained.

Characteristics

- Strong washing power with low density.
- Harmless components.
- Safe to the skin.
- No corrosion in materials.
- Complete solution in water.

Application

- Washing for food processing factory, automobile maintenance, machine manufacturing factory, engine and floor of working place.

Usage&Density

- Food processing factory
 - * Used as a general cleaner for wall, floor and factory equipment efficiently remove grounds of salt, milk and protein sediment.
 - * Dilute 5-10% density per water 1 and wipe with sponge, high pressure sprayer and duster.
- Automobile maintenance & machine manufacturing factory
 - * Used for alien substances such as oil ad tar and dilute 5-8% density per water 1 .
 - * For thick mud lumps or serious pollutant, dilute 7-8% density per water 1 .
 - * For washing of storing storage cleaning and the inside and outside washing of transportation vehicles, dilute 7-8% density per water 1 .
- Engine Washing
 - * When washing oil of automobiles and diesel engines, dilute 5-10% density per water 1 and paint the surface with a brush and wash with water.
- Washing of working place floor
 - * For cleanliness of the working place floor, dilute 1-5% density per water 1 .

Young-ga Chemical Co.,LTD

YG-104 [Multi-Purpose Cleaner]

YG-104 is a concentrated strong multi-purpose cleaner in which wetting agents, dispersant and detergent are sufficiently contained.

Properties

* For seriously contaminated parts, spray powder and wipe or do high pressure washing with water.

- Appearance : Light blue liquid
- Liquid quality : Weak base

Cautions

- As a weak base component, it is comparatively a safe product but when treating, it is required to use a protector.
- In case of touch with the skin, immediately wash with sufficient water.
- Except for using, keep airtight and preserve in a proper location.

Packing

20 poly pail.
